

## EXTENSION SPRING SYSTEM ERSX

Our offer includes a wide selection of eRSX tension springs, which are characterized by exceptional quality and reliability. These products are designed for various applications, which makes them an ideal solution for both repairs and new projects. Each spring has been designed with efficiency and durability in mind, which makes them an excellent choice. Thanks to the different power, the spring systems offered by Komponenty do bram sp. z o.o. can be adapted to the specific needs of users. We invite you to familiarize yourself with our offer, where you will find springs for gates, including eRSX models and other products that will meet the expectations of even the most demanding customers. All of our springs are available in different working forces, which ensures their wide application in projects. Thanks to our offer, Komponenty do bram sp. z o.o. is becoming synonymous with professionalism and reliability.

### SPRING BG 5110

**ARTICLE:** 14882

Springs are calculated individually for each sectional door depending on door height and weight. For 1 door 2 springs are required.

material: zinc plated steel

eRSX system

double pulley fitting

spring hook fitting

structure: spring filled with inner spring

**Factory price:** 18.00 € excl. VAT / piece

**Weight:** 2.4 kg **Shipping class:** Standard

### SPRING BG 5210

**ARTICLE:** 14879

Springs are calculated individually for each sectional door depending on door height and weight. For 1 door 2 springs are required.

material: zinc plated steel

eRSX system

double pulley fitting

spring hook fitting

structure: spring filled with inner spring

**Factory price:** 21.00 € excl. VAT / piece

**Weight:** 2.4 kg **Shipping class:** Standard
